

1.	Record Nr.	UNISALENTO991001477309707536
	Autore	Wilson, Andrew Norman
	Titolo	The life of John Milton / A. N. Wilson
	Pubbl/distr/stampa	Oxford : Oxford university press, 1983
	Descrizione fisica	278 p. ; 20 cm
	Soggetti	Milton, John
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
2.	Record Nr.	UNINA9910717152903321
	Titolo	CMS could improve the data it uses to monitor antipsychotic drugs in nursing homes
	Pubbl/distr/stampa	Washington, DC : , : U.S. Department of Health and Human Services, Office of Inspector General, , 2021
	Descrizione fisica	1 online resource (approximately 22 pages) : color illustration
	Soggetti	Nursing homes - United States Antipsychotic drugs - United States Statistics.
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	"May 2021." "OEI-07-19-00490." "Issue brief."
	Nota di bibliografia	Includes bibliographical references (pages 20-22).

3. Record Nr.	UNINA9910349557303321
Titolo	Hand Function : A Practical Guide to Assessment / / edited by Mehmet Tuncay Duruöz
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2019
ISBN	3-030-17000-4
Edizione	[2nd ed. 2019.]
Descrizione fisica	1 online resource (351 pages)
Disciplina	612.04 612.76
Soggetti	Rheumatology Orthopedics Medical rehabilitation Physiotherapy Rehabilitation Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	SECTION I: Basic Principles of Hand Function -- Functional Anatomy and Biomechanics of the Hand -- Physical Examination of the Hand -- Assessment of Hand Functions -- SECTION II: Hand Function in Clinical Practice -- Pain and Hand Function -- Hand Function in Rheumatoid Arthritis -- Hand Function in Osteoarthritis -- Hand Function in Scleroderma -- Functional Assessment in Hand with Flexor and Extensor Tendon Injuries -- Hand Function in Stroke -- Hand Function in Tetraplegia -- Hand Function in Parkinson's Disease -- Hand Function in Cerebral Palsy -- Hand Function in Children with Congenital Disorders -- Hand Function in Juvenile Idiopathic Arthritis -- Functional Assessment in Geriatric Conditions -- Hand Function in Common Hand Problems -- Hand Function in Sport Injuries -- Hand Function in Metabolic Disorders: Haemodialysis, Diabetes Mellitus, Gout -- SECTION III: Hand Function with Robotics and Assistive Technology -- Hand Function and Assistive Devices -- Sports and Recreational Adaptations for Hand -- The Functional Capacity of the Robotic Hands -- SECTION IV: Hand Function and Imaging Outcomes -- Hand

Sommario/riassunto

This practical guide aids clinicians in distinguishing the different dimensions of hand function such as impairment, disability, and handicap. New and updated chapters discuss cerebral palsy, sports injuries, robotics, and assistive technologies. Extensively revised, the book provides a broad overview of the basic principles and examination of hand function. It describes how to evaluate hand function in specific afflicted populations, including the rheumatoid patient, the stroke patient, the trauma patient, the geriatric patient, and the pediatric patient as well as special populations such as diabetes mellitus patients and musicians. It also includes an appendix of hand function scales essential to the assessment of disability. The Second Edition of Hand Function is an ideal resource for all rheumatologists, physiatrists, hand surgeons, orthopedists, occupational therapists, and physical therapists caring for patients with impaired hand function.
