Sommario/riassunto	"In the course of human events there have always been those who deny or reject human freedom, but Americans will never falter in defending the fundamental truths of human liberty proclaimed on July 4, 1776. We will-we must-always hold these truths. The declared purpose of the President's Advisory 1776 Commission is to "enable a rising generation to understand the history and principles of the founding of the United States in 1776 and to strive to form a more perfect Union." This requires a restoration of American education, which can only be grounded on a history of those principles that is "accurate, honest, unifying, inspiring, and ennobling." And a rediscovery of our shared identity rooted in our founding principles is the path to a renewed American unity and a confident American future"--
