Disciplina	770
Soggetti	Photography
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	A lively and polemical analysis of photography and today's vernacular photographic culture. In Photography After Capitalism, Benedict Burbridge makes the case for a radically expanded conception of photography, encompassing the types of labor too often obscured by black-boxed technologies, slick platform interfaces, and the compulsion to display lives to others. His lively and polemical analysis of today's vernacular photographic cultures shines new light on the hidden work of smartphone assembly teams, digital content moderators, Street View car drivers, Google "Scan-Ops," low-paid gallery interns, homeless participant photographers, and the photo-sharing masses.
