Sommario/riassunto	This book is devoted to the description and analysis of child population, rights to survival and development, culture and policies that Chinese government made in contemporary China. The book

pursues three major objectives: firstly, to objectively describe child development in contemporary China ; secondly, to analyze characteristics of child development in contemporary China; and thirdly, to review all types of policies Chinese government has made on children survival, protection and development, which played important roles on promoting child development.
