Sommario/riassunto

This book is a compilation of the best papers presented at the 2022 edition of the Singapore Conference of Applied Psychology (SCAP), led by East Asia Research in Singapore in collaboration with the University of Derby in the UK and the Singapore University of Technology and Design. Chapters include research conducted by experts in the field of applied psychology from the Asia-Pacific region, and cover areas such as community and environmental psychology, psychotherapy and counseling, health, child and school psychology, and gender studies. The volume is of interest to educators, psychology researchers and practicing counselors.
