

1. Record Nr.	UNINA9910780505103321
Autore	Lupton Julia Reinhard <1963->
Titolo	After Oedipus [[electronic resource]] : Shakespeare in psychoanalysis / / Julia Reinhard Lupton, Kenneth Reinhard
Pubbl/distr/stampa	Aurora Colo., : Davies Group Publishers, c2007
ISBN	1-935790-45-5
Descrizione fisica	1 online resource (310 p.)
Collana	Critical studies in the humanities
Altri autori (Persone)	ReinhardKenneth <1957->
Disciplina	822.3/3
Soggetti	Lear, King (Legendary character), in literature Oedipus complex in literature Psychoanalysis and literature Drama - Psychological aspects Psychology in literature
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	""Contents""; ""Preface to the Second Edition of After Oedipus""; ""Acknowledgments""; ""A Note on Citations""; ""Introduction""; ""Part One Hamlet in Psychoanalysis""; ""Chapter One a€œShapes of Griefa€?: Hamlet, Freud, and Mourning""; ""Chapter Two The Trauerspiel of Criticism""; ""Chapter Three Hamleta€? s Flesh: Lacan and the Desire of the Mother""; ""Chapter Four Hamleta€?s a€œUrscenecaa€?""; ""Inter- Section""; ""Part Two The Lear Real""; ""Chapter Five The Motif of the Three Caskets""; ""Chapter Six The Lacanian Thing""; ""Chapter Seven The Tragedy of Foreclosure""; ""After-Word"" ""Appendix The Subject of Religion""""Notes""; ""Works Cited""; ""Index""

2. Record Nr.	UNINA9910728940803321
Autore	Tohid Hassaan
Titolo	The Misdiagnosis Casebook in Clinical Medicine : A Case-Based Guide / / edited by Hassaan Tohid, Larry G. Baratta, Howard Maibach
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2023
ISBN	3-031-28296-5
Edizione	[1st ed. 2023.]
Descrizione fisica	1 online resource (516 pages)
Altri autori (Persone)	BarattaLarry G MaibachHoward I
Disciplina	616.075
Soggetti	Primary care (Medicine) Family medicine Primary Care Medicine General Practice and Family Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa

Pulmonology -- Chronic Beryllium Disease Misdiagnosed as Sarcoidosis.-Idiopathic Pulmonary Fibrosis Misdiagnosed as Sputum Negative Tuberculosis -- Rheumatology -- How to Differentiate Chronic Widespread Pain in Order to Reduce Misdiagnosis of Fibromyalgia -- Rheumatoid Arthritis Misdiagnosed as Gout -- Spondyloarthritis: Gender Based Symptomatology in Order to Reduce Misdiagnosis -- Legal -- Legal Consequences of the Misdiagnosed Patient -- An Editor's Perspective -- Strategies to Avoid a Misdiagnosis.

Sommario/riassunto

One third of misdiagnosed medical cases result in serious injury or death. Moreover, 40,000-80,000 deaths occur each year in the United States alone because of misdiagnosis. This is a major clinical crisis that medical schools and hospitals have failed to adequately address. There is currently no book available that provides general clinicians with the knowledge to prevent such lethal errors in a variety of disciplines. Composed of clinical cases, the book represents seventy chapters fashioned into sixteen modules and are organized by systems, such as allergy and immunology, cardiology, neurology and rheumatology, just to name a few. Each chapter is organized with a general introduction to the topic followed by the name of the specific disease. Next comes the actual clinical case presentation followed by the differential diagnosis. It then explains what was misdiagnosed in the specific case and why. A general discussion and plan of action is then described followed by a conclusion. Uniquely incorporated in the book is a chapter dedicated to the legal perspectives of misdiagnosis followed by an editor's perspective. The Misdiagnosis Casebook in Clinical Medicine is a valuable and much-needed resource for clinicians as well as practitioners in all areas of medicine.
