Nota di contenuto	1. Bedrock concepts -- 2. The analysis of bedrock concepts within language studies -- 3. Integrationism and systems theory -- 4. Animals, personhood and law -- 5. Litigating animal personhood -- Conclusion : A personalist perspective.
Sommario/riassunto	This ground-breaking book draws from integrational semiology to investigate arguments around the rights of certain animals to be recognised as legal persons, thereby granting them many of the protections enjoyed by humans. This book argues that law and integrationism can be brought together in a challenging and productive synthesis.
