Nota di contenuto	Land and Land Policies -- Overview of China's land policies -- Land Tenure Policy -- Land Development Policies -- Land Protection Policies -- Land Administration Policies -- An Overview of China's Land Policies.
Sommario/riassunto	This book shows the most recent changes in China's land policy and the progress in land policy studies in terms of theory and cases. It provides an up-to-date introduction to specific land policies implemented in China, as well as an in-depth analysis of the positioning and mechanisms of these policies. It is divided into four parts with seven chapters consisting of a) introduction to land and land policy, b) overview of China's land policy, c) typical policy issues in specific fields including land tenure, development, protection, and administration, and d) outlook of China's land policy. With its emphasis on the importance of practice, this book not only provides readers with tools for a systematic understanding of China's land policy practices, but also sheds light on relevant policy formulation and practice in other countries.
