Sommario/riassunto	"LoPucki provides a scathing attack on reorganization practice. Courting Failure recounts how lawyers, managers and judges have transformed Chapter 11. It uses empirical data to explore how the interests of the various participants have combined to create a system markedly different from the one envisioned by Congress. LoPucki not only questions the wisdom of these changes but also the free market ideology that supports much of the general regulation of the corporate sector." -Robert Rasmussen, University of Chicago Law School.
