| Titolo                  | A pill to purge melancholy: or merry newes from Newgate [[electronic resource] ] : wherein is set forth, the pleasant jests, witty conceits, and excellent couzenages, of Captain James Hind, and his associates. How Hind, putting on a bears skin, attempted to rob a committeeman at Oxford of 200 l. and how he had like to have been worried by a mastiff dog; and what means he used to free himself from the fury of the mastiff, and afterwards got the money. How Hind cheated an excize-man of his mare, which was esteemed one of the best in England; and being afterwards apprehended for her at Newark, how neatly he made his escape, and got the mare again. How Hind disguising himself in womens apparel, gul'd an old lawyer in the temple of 14 l. shewing him such a trick in the law, that he never knew before. How Hind having knowledge that the old lawyer had 100 l. more in his trunk which stood in his chamber, devised a way to get that also; and how he was serv'd by a gentleman of the temple, who new christen'd him. With a variety of other delightfull passages, never heretofore published by any pen |

| Sommario/riassunto      | L'objet de cet ouvrage est de présenter l'évolution des espaces communs de communication des connaissances. De l'EAO qui a introduit les NTIC dans le quotidien des apprenants et a soulevé les premières questions sur l'interaction entre un utilisateur et une machine, aux ENT et Espaces Numériques des Savoirs, qui cherchent toujours à réussir l'intégration des NTIC dans l'éducation. Au cœur de ce projet, la communication et ses outils qui jouent un rôle essentiel dans le partage des connaissances. Depuis trente ans l'offre technique n'a eu de cesse de progresser alors que les recherches sur les outils intégrant les fonctionnalités de communication ne font consensus ni sur les concepts à étudier, ni sur les attentes en termes d'efficacité pédagogique. Cet ouvrage propose une réflexion et des exemples sur la conception des E3C en fonction de variables issues de champ de recherches et de pratiques. |

| Sommario/riassunto      | This two-volume set LNCS 14025 and 14026 constitutes the refereed proceedings of the 15th International Conference on Social Computing and Social Media, SCSM 2023, held as part of the 25th International Conference, HCI International 2023, held in Copenhagen, Denmark in July 2023. The total of 1578 papers and 396 posters included in the HCII 2023 proceedings was carefully reviewed and selected from 7472 submissions. The SCSM 2023 conference offers a wide range of topics related to the design, development, assessment, use, and impact of social media. |
