Sommario/riassunto

This book mainly focuses on SDG4- Quality Education, and aims to understand the past, present, and future of textile, fashion, apparel, and related study majors of East African countries. Professors and field experts in textile engineering of selected countries describe the potential and prospects of textile education and how it can lead to internationalization in the various chapters. It also discusses the textile university alliance and the potential for international education related to textiles in the developing region. With updated illustrations, images, data, graphs and tables, this book serves as a reference book for universities with textile engineering major in countries throughout the world.
