

1. Record Nr.	UNINA9910735384503321
Titolo	International Handbook of Population Policies [[electronic resource] /] / edited by John F. May, Jack A. Goldstone
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2022
ISBN	3-031-02040-5
Edizione	[1st ed. 2022.]
Descrizione fisica	1 online resource (862 pages)
Collana	International Handbooks of Population, , 2215-1877 ; ; 11
Disciplina	363.9
Soggetti	Demography Population Political science Population - Economic aspects Political sociology Population and Demography Political Science Population Economics Political Sociology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Part 1. Theoretical Foundations -- 1. Contemporary Population Issues (Jack A. Goldstone and John F. May) -- 2. Population Policies Framework (Karen Hardee) -- 3. Classical Foundations of Past and Present Population Policies (Yves Charbit) -- 4. Population, Burden of Disease, and Health Services (Vincent Turbat, Rebecca Gribble, and Wu Zeng) -- 5. Population, Development, and Policy (John Bongaarts, Michele Gragnolati, S. Amer Ahmed, and Jamaica Corker) -- 6. Population Dynamics and the Environment: The Demo-climatic Transition (Alisson Flávio Barbieri and William K. Pan) -- 7. Population and Food System Sustainability (George Mergos) -- Part 2. Empirical Evidence -- 8. Sub-Saharan Africa: Slow Fertility Transitions Despite Policy Efforts (Aristide Romaric Bado, Jean-Pierre Guengant, and Hamidou Issaka Maga) -- 9. The United States and Canada: Demographic Realities and Policy Responses (Kaja Jurczynska and Jay

Gribble) -- 10. Population Policies in Latin American and the Caribbean: From Carmen Miró to the Montevideo Consensus (Jose Miguel Guzman) -- 11. Demographic Features of West Asian and North African Countries: The Impact of Population Policies (Mehtab S. Karim, Elena Ambrosetti, and Zahia Ouadah-Bedidi) -- 12. South Asia: Did Population Policies Trigger a Fertility Convergence? (Leela Visaria) -- 13. Population Policies in East Asia and Oceania (Stuart Gietel-Basten, Christian Joy Pattawi Cruz, Rachel Ganly, Zilin Li, and Jason Tsz Him Cheung) -- 14. Europe: Low Fertility, Aging, and Migration Policies (Elena Ambrosetti) -- 15. Population Institutions and International Population Conferences (Stan Bernstein, Karen Hardee, John F. May, and Marianne Haslegrave) -- Part 3. Policy Levers and Modelling -- 16. Data Collection for Population Policies (Thomas Spoorenberg) -- 17. Family Policies: How do they Differ around the World? (Katharina Wesolowski and Sunnee Billingsley) -- 18. Population and Health Policies in Urban Areas (Myriam Vukovi and Alayne Adams) -- 19. Policies Needed to Capture Demographic Dividends (Vincent Turbat) -- 20. Linkages Between Family Planning and HIV/AIDS Programs (Rachel Sullivan Robinson) -- 21. Population Projections and Population Policies (Thomas Buettner) -- 22. Population Policy Models (R. Scott Moreland) -- 23. Funding of Population Policies and Programs (Arin Dutta, Kevin Ward, and Suneeta Sharma) -- 24. Measuring the Effectiveness, Efficiency, and Impact of Population Policies (Michele Tarsilla) -- Part 4. New Policy Challenges -- 25. Population Aging and Public Policy (Stipica Mudrazija and Jacqueline L. Angel) -- 26. Pension Policies (John Turner) -- 27. The Contraceptive Revolution (John Cleland) -- 28. The Role of Abortion in Population Policies (Barbara Crane and Emily A. Maistrellis) -- 29. International Migration Policies (Susan K. Brown) -- 30. The Education Revolution (Anne Goujon) -- 31. Priority Groups in Population Policies (Sara Rotenberg) -- 32. Demographic Dynamics, Poverty, and Inequality (Jorge A. Paz) -- 33. Bioethics, Sex Selection, and Gender Equity (Laura Rahm) -- 34. Population and National Security (Jennifer D. Sciubba and Seongjoon Hwang) -- 35. Demographic Sustainability (Toshihiko Hara) -- 36. Prospects for Population Policies and Interventions (John F. May and Jack A. Goldstone) -- General Conclusion (Jack A. Goldstone and John F. May).

Sommario/riassunto

This Handbook offers an array of internationally recognized experts' essays that provide a current and comprehensive examination of all dimensions of international population policies. The book examines the theoretical foundations, the historical and empirical evidence for policy formation, the policy levers and modelling, as well as the new policy challenges. The section Theoretical Foundations reviews population issues today, population theories, the population policies' framework as well as the linkages between population, development, health, food systems, and the environment. The next section Empirical Evidence discusses international approaches to design and implement population policies on a regional level. The section Policy Levers and Modelling reviews the tools and the policy levers that are available to design, implement, monitor, and measure the impact of population policies. Finally, the section New Policy Challenges examines the recurrent and emerging issues in population policies. This section also discusses prospects for demographic sustainability as well as future considerations for population policies. As such this Handbook provides an important and structured examination of contemporary population policies, their evolution, and their prospects.
