   Titolo   Expert Consolidation in Oracle Database 12c / / by Martin Bach

   Pubbl/distr/stampa Berkeley, CA : , : Apress : , : Imprint : Apress, , 2013

   ISBN   9781430244295
                      1430244291

   Edizione   [1st ed. 2013.]

   Descrizione fisica 1 online resource (XXI, 488 p. 341 illus.)

   Collana   Expert's Voice in Oracle

   Disciplina   005.74

   Soggetti   Database management
                      Database Management

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Note generali   Includes index.

   Sommario/riassunto Expert Consolidation in Oracle Database 12c is your key to reducing
                      data management costs and increasing data center efficiency.
                      Consolidation and cloud computing are converging trends sweeping
                      the industry. The same technologies enabling cloud computing enable
                      consolidation as well, leading to savings on all fronts from the amount
                      of power used for servers to the amount of floor space consumed to
                      the number of administrators needed to manage an installation. Yet the
                      consolidation process can be a long and winding road. Success requires
                      planning, and consideration to the impacts on supporting
                      infrastructure. Expert Consolidation in Oracle Database 12c guides you
                      through planning and implementing a consolidated Oracle Database
                      installation using the many new features built into the latest release of
                      Oracle's database management system. You'll learn to identify
                      candidates for consolidation and to recognize instances that are best
                      left stand-alone. The book guides in working with clustered systems
                      and ASM storage in the consolidated environment. Focus is given to
                      Oracle Enterprise Manager 12c Cloud Control as a monitoring and
                      management dashboard. Always the goal is to drive towards a cost-
                      effective environment that is efficient both in technology and people.
                      Focuses on the new consolidation features in Oracle Database 12c
                      Helps you evaluate and correctly decide when to consolidate Leads to
