	Sommario/riassunto	This book uses the overlapping approaches of political care ethics and feminist posthumanism as a lens to focus on the notions of privileged irresponsibility, responsibility and response-ability within the context of higher education and as it pertains to the issues of colonialism/decolonisation, pandemics and the climate crisis. The book

will appeal to scholars in the field of higher education as well as to those in several other fields, such as ecology, gender studies, sociology, philosophy, and political science. Vivienne Bozalek is Honorary Professor in the Centre for Higher Education Research, Teaching and Learning (CHERTL) at Rhodes University, South Africa.
