Dana Duppler ; Joe Johnson and Ron Markwell ; Robert Seger -- pt. 8: Cherishing old New Orleans and Louisiana. Curt Greska ; Lloyd Sensat ; Randy Plaisance -- Toward a larger view of gay men.
Sommario/riassunto	From large cities to rural communities, gay men have long been impassioned pioneers as keepers of culture: rescuing and restoring decrepit buildings, revitalizing blighted neighborhoods, saving artifacts and documents of historical significance. This penchant to preserve, though widely observed, is typically ignored or dismissed as a

stereotypical gay cliché, even by many gay men themselves. This book explores this authentic and complex dimension of gay men's lives by profiling early and contemporary preservationists from throughout the United States, including oral histories collected by Fellows. This eye-opening book illuminates neglected facets of what it means to be gay and highlights contributions to the larger culture that gays are exceptionally inclined to make.--From publisher description.
