

1. Record Nr.	UNINA9910741158103321
Autore	Dhillon Sarinder K
Titolo	Data Intensive Computing for Biodiversity // by Sarinder K. Dhillon, Amandeep S. Sidhu
Pubbl/distr/stampa	Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 2013
ISBN	3-642-38047-6
Edizione	[1st ed. 2013.]
Descrizione fisica	1 online resource (IX, 126 p.)
Collana	Data, Semantics and Cloud Computing, , 2524-6593 ; ; 485
Disciplina	006.3
Soggetti	Computational intelligence Artificial intelligence Computational Intelligence Artificial Intelligence
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	Introduction -- Preliminary Study -- Literature Review -- Methodology -- Biodiversity Databases -- Proposed Solution.
Sommario/riassunto	This book is focused on the development of a data integration framework for retrieval of biodiversity information from heterogeneous and distributed data sources. The data integration system proposed in this book links remote databases in a networked environment, supports heterogeneous databases and data formats, links databases hosted on multiple platforms, and provides data security for database owners by allowing them to keep and maintain their own data and to choose information to be shared and linked. The book is a useful guide for researchers, practitioners, and graduate-level students interested in learning state-of-the-art development for data integration in biodiversity.
