1. Record Nr.   UNINA9910741197903321

   Autore   Rogers L. C. G

   Titolo   Optimal investment / / L. C. G. Rogers

   Pubbl/distr/stampa Berlin ; ; Heidelberg, : Springer, c2013

   ISBN   1-299-19789-2
                       3-642-35202-2

   Edizione   [1st ed. 2013.]

   Descrizione fisica 1 online resource (x, 156 pages) : illustrations (some color)

   Collana   SpringerBriefs in quantitative finance

   Disciplina   300

   Soggetti   Investment analysis - Mathematical models
                       Merton Model

   Lingua di pubblicazione   Inglese

   Formato   Materiale a stampa

   Livello bibliografico   Monografia

   Note generali   "ISSN: 2192-7006."
                       "ISSN: 2192-7014 (electronic)."

   Nota di bibliografia   Includes bibliographical references and index.

   Nota di contenuto   Preface -- The Merton Problem -- Variations -- Numerical Solution --
                       How Well Does It Work -- Index -- References.

   Sommario/riassunto Readers of this book will learn how to solve a wide range of optimal
                       investment problems arising in finance and economics. Starting from
                       the fundamental Merton problem, many variants are presented and
                       solved, often using numerical techniques that the book also covers. The
                       final chapter assesses the relevance of many of the models in common
                       use when applied to data.
