Sommario/riassunto

This book constitutes revised selected papers from the 21st
International Conference on Applications of Declarative Programming
and Knowledge Management, INAP 2017, the 31st Workshop on Logic
Programming, WLP 2017, and the 25th Workshop on Functional and
(Constraint) Logic Programming, WFLP 2017. The 12 full papers
presented in this volume were carefully reviewed and selected from 26
submissions. The contributions were organized in topical sections
named: constraints; declarative systems; and functional and logic
programming. .
