Sommario/riassunto	This book serves as a practical guide for navigating the complex world of academic publishing. It is designed for new academics, early career researchers, and those looking to mentor others in academic publishing. Drawing from personal experiences and conversations with colleagues, the author aims to help readers avoid common pitfalls and develop effective publishing strategies. The book emphasizes the importance of planning, finding mentors, and understanding the

intricacies of publishing ethics and outlets. It provides insights into choosing publishers, co-authoring, and managing the demands of academic careers, offering a comprehensive resource for building a successful academic publishing trajectory.
