Livello bibliografico	Monografia
Nota di contenuto	Diagnosis and clinical staging -- Management -- Pathological staging -- Adjuvant treatment and follow-up -- Diagnosis and clinical staging -- Management -- Pathological staging -- Adjuvant treatment and follow-up.
Sommario/riassunto	The book provides comprehensive review of common uro-oncology cases mainly focusing on its management aspect. It includes diagnosis and clinical staging, surgical management, pathological staging, adjuvant treatment and follow up. It provides current evidence-based approaches for the management of common urological malignancies. All the chapters are written uniformly in a simple yet informative manner by experts in their respective fields. It contains well-prepared illustrations, relevant clinical images and flowcharts. The book is helpful for practicing urologists, uro-oncologists, oncologists as well as

urology trainees, uro-oncology fellows in providing a holistic approach to cancer patients. It helps them to develop critical thinking and encourage discussion toward improving the overall care of the patients.
