Sommario/riassunto	In art making, materials and media are the intermediaries between private ideas, thoughts and feelings, and their external manifestation in a tangible, sensual form. Thus, materials provide the core components of the exchange that occurs between art therapists and clients. This book focuses on the sensory-based, tangible vocabulary of materials and media and its relevance to art therapy. It provides a historical account of the theory and use of materials and media in art therapy, as well as an examination of the interface between art therapy, contemporary art materials and practices, and socia
