

1. Record Nr.	UNINA9910754091803321
Autore	Mouleeswaran K. S
Titolo	Atlas of Basic Liver Histology for Practicing Clinicians and Pathologists / / by K. S. Mouleeswaran, Joy Varghese, Mettu Srinivas Reddy
Pubbl/distr/stampa	Singapore : , : Springer Nature Singapore : , : Imprint : Springer, , 2023
ISBN	981-9957-62-1
Edizione	[1st ed. 2023.]
Descrizione fisica	1 online resource (123 pages)
Altri autori (Persone)	VargheseJoy ReddyMettu Srinivas
Disciplina	616.07
Soggetti	Pathology Gastroenterology Pediatrics Surgery Internal medicine Transplantation of organs, tissues, etc Internal Medicine Transplantation
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Basic liver histology -- Basic terminologies in liver pathology -- Pediatric liver pathology -- Pathology of Autoimmune liver disorders -- Pathology of Fatty liver disease -- Pathology of Viral hepatitis -- Pathology of Toxins and drug Induced Liver Injury -- Pathology of Vascular disorders of liver -- Pathology of Infiltrative Liver Disease -- Pathology of Benign and Malignant neoplasms of liver -- Transplantation pathology -- Classical histological differences- comparison tables.
Sommario/riassunto	The book provides a visual run-through of liver pathology through high-quality images from the healthy liver through acute liver injury to chronic liver disease - stressing on common mechanisms for specific histological appearances, correlating them with clinical features and laboratory investigations to reach the diagnosis. Individual chapters in this richly illustrated atlas cover the wide gamut of liver disease,

including types of liver injury, viral hepatitis, fatty liver disease and its complications, vascular and autoimmune liver diseases, pediatric liver diseases, liver tumors, and finally, pathology of the transplanted liver. This book bridges the gap by integrating basic clinical information with histopathological findings, as existing books cater primarily to the pathologist's needs and do not provide sufficient clinical background to engage the clinician. It serves as a quick guide for adult and pediatric hepatologists, liver surgery doctors, pathologists as well as trainees in gastroenterology, hepatology, gastrointestinal surgery, liver transplantation and pediatric gastroenterology.
