Sommario/riassunto

This volume constitutes selected papers presented during the First International Conference on New Media Pedagogy: Research Trends, Methodological Challenges and Successful Implementations, NMP 2022, held in Kraków, Poland, in October 2022. The 20 papers presented were thoroughly reviewed and selected from the 55 qualified submissions. They present recent research in the areas of teacher education in the information society, digitally-enhanced didactics, pedagogical innovations using ICT, e-learning, blended learning, crisis e-learning, digital inclusion and exclusion, identity of media pedagogy, and more.
