| | Nota di contenuto | Introduction: The spatial and organizational structure of destinations |

-- Perspectives on destinations -- Frameworks for tourist destinations
-- Analysing the structure of destinations -- Structure of national destinations -- Structure of regional destinations -- Structure of urban destinations -- Structure of coastal resorts -- Structure of ski resorts and rural and natural area destinations -- Spatial and organizational structure of destinations : a synthesis references.

Sommario/riassunto

"Destination research today has become increasingly fragmented as studies become more specialized. This book provides a systematic examination and combines spatial and organizational structure across destinations from the national to the local scale to produce a comprehensive understanding of destinations and a complete integrative framework of them"--
