

1. Record Nr.	UNINA9910763598103321
Autore	Dinga Emil
Titolo	Co-Evolution of Symbolic Species in the Financial Market : A Framework for Economic and Political Decision-Making
Pubbl/distr/stampa	Cham : , : Palgrave Macmillan, , 2023 ©2023
ISBN	3-031-31698-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (350 pages)
Altri autori (Persone)	Oprean-StanCamelia TnsescuCristina Roxana BrtianVasile IonescuGabriela-Mariana
Disciplina	332.0684
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Intro -- Acknowledgement -- Contents -- Abbreviations -- List of Figures -- List of Tables -- Chapter 1: Introductory Concepts -- Causality and Intelligibility -- Causality -- Intelligibility -- Theories -- Growth-Development-Evolution -- Growth -- Definition and Characteristics -- Logic of Growth Modelling -- Development -- Evolution -- Notes -- References -- Chapter 2: Co-evolution in the Financial Market -- The Concept of Evolution-General Framework -- Theoretical Basis of Evolution -- Genotype -- Genetic Mutation -- Genetic Recombination -- Phenotype -- Directional Selection -- The Concept of Mechanism -- The Concept of Mechanism of Evolution -- The Concept of Co-evolution -- Theoretical Basis of Co-evolution -- Species and Co-species -- Co-species: Ontological or Gnoseological Concept? -- Co-species versus Environment -- The Concept of Co-evolution -- Definitional Considerations -- The Mechanism of Co-evolution -- The Concept of Evolution in the Financial Market -- Genotype and Mutation on the Financial Market -- Additional Discussion -- Phenotype on the Financial Market -- The Concept of Phenotype on the Financial Market -- Is There Phenotype Development in the Financial Market? -- Selection in the Financial

Market -- The Mechanism of Evolution in the Financial Market --
Additional Discussion -- The Co-evolution in the Financial Market --
Co-species in the Financial Market -- Preamble -- The Concept of Co-
species in the Financial Market -- Circular Causality in the Financial
Market -- The Mechanism of Co-evolution in the Financial Market --
Genetic Co-evolution -- Endogenous Mutations -- Exogeneous
Mutations -- Memetic Co-evolution -- Semetic Co-evolution -- Notes
-- References -- Chapter 3: Binomial Co-evolution in the Financial
Market-Preparing Issues -- Introduction -- General Framework -- The
Bright Cone -- Observational Competence.
Observational Variables in the Financial Market -- Informational
Observables () -- Behavioural Observables () -- Analytical
Developments on Observables -- Short Discussion -- Decisional
Variables in the Financial Market -- The Concept of Decisional
Variable-Visiting the Rational Expectations Issue -- The Concept of
Decisional Variable-Visiting the Adaptive Expectations Issue -- The
Predicates of Decisional Variables -- Defining of the Decisional Variable
-- A Typology of Decisional Variable -- Short Additional Discussion --
Functioning of the Decisional Variable -- Notes -- References --
Chapter 4: Binomial Co-evolution in the Financial Market-Mechanisms
-- Information and Price as Symbolic Species -- Symbolic Species --
The Concept of Symbolic Species -- Short Discussion -- Some
Analytical Developments -- Preamble -- () On the Structure of Price
-- () Price as Symbolic Species -- Co-evolutive Mechanism
of the Binomial Information-Price -- Preamble -- Logical Description
-- Objectives -- Additional discussion -- Logical Model of BIP -- Notes
-- Annex: Systematics of the Binomial Information-Price -- References
-- Chapter 5: Preference as Symbolic Species -- Preamble --
Preference as a Symbolic Species in the Financial Market -- The Logical
Structure of Preference -- Preference. -- Short Discussion. -- A
Proposal for the Structure of Preference. -- Short Discussion. --
Comment. -- Additional Comment. -- A More Analytical Discussion. --
Additional Comments. -- Preference as Symbolic Species -- Short
Discussion. -- Comment. -- Short Discussion. -- Notes -- References
-- Chapter 6: Trinomial Co-evolution in the Financial Market -- Logical
Modelling of the Trinomial Preference-Information-Price -- Preamble
-- Reaction Norms in the Trinomial Model -- Short Discussion --
Important Remarks: -- Synergy in the Trinomial Model -- Generalities.
Short discussion -- The Concept of Synergy -- A Taxonomy of Synergy
-- The Structure of Synergic Mechanism -- Some Developments
Around the Concept of Synergy. -- Short Discussion -- A General
Evolutionist Picture of the (Co-) Species Preference-Information-Price
-- The Logical Model of the Trinomial Preference-Information-Price --
Elements of Modelling -- A Sketch of the Model -- Some Polemical
Issues in the Trinomial Preference-Information-Price -- Quantitative
Formalization in the Trinomial Preference-Information-Price --
Preamble -- Forming/Choosing/Adjusting of the Trading Strategy --
Notations -- Relations of Definition, Calculus and Decision -- The
Quantitative Model -- Notes -- References -- Chapter 7: Co-evolution
of Symbolic Species and Decision-Making in the Financial Market --
Preliminaries -- What Should be Expected from a General Framework
of Co-evolutionary Financial Market -- Seven Epistemological Issues --
Decision-Making Framework -- Notes -- References -- Glossary --
Chapter 1 -- Chapter 2 -- Chapter 3 -- Chapter 4 -- Chapter 6 --
Index.
