Livello bibliografico	Monografia
Sommario/riassunto	At its greatest extent, the Angevin Empire stretched from the Scottish border to the Pyrenees. For fifty years it was the dominant political entity and "English" and "French" history were inextricably woven together. This study looks at how these disparate territories came together, how they were ruled, and whether they truly constituted an empire. The new edition of this groundbreaking work has been thoroughly revised and carries two new chapters.
