

1. Record Nr.	UNINA9910765866303321
Titolo	The 3rd AAU Workshop on Robotics / Shaoping Bai, Zheng-Hua Tan, Thomas Bak
Pubbl/distr/stampa	[s.l.] : , : Aalborg University Press, , 2015
ISBN	87-7112-433-0
Descrizione fisica	1 online resource (1 p.)
Soggetti	Technology & Engineering / Robotics Technology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Research and application development activities in robotics are rapidly growing at Aalborg University (AAU). This is witnessed by high-impact publications and robotic systems such as Geminoid.DK, LittleHelper, AAUBot, iSocioBot, to name a few. We anticipate that robotics, and especially robotics concerned with collaborative inter-action between humans and robots to achieve common goals, will become a central area of research at AAU.
