

1. Record Nr.	UNINA9910765885103321
Titolo	Criticality of the Rare Earth Elements : Current and Future Sources and Recycling // edited by Simon M. Jowitt
Pubbl/distr/stampa	Basel : , : MDPI, , 2018 ©2018
ISBN	3-03897-018-2
Descrizione fisica	1 online resource (vii, 162 pages) : illustrations, maps
Disciplina	333.72
Soggetti	Life cycle costing Metals - Recycling Conservation of natural resources
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.

Sommario/riassunto

Rare earth elements (REE) are critical to our modern way of life, although potential primary and secondary sources of these elements and the economics of the REE sector remain somewhat poorly understood. This Special Issue focuses on furthering our understanding of the criticality and potential sources of rare earth elements as well as the economics of the REE sector. The papers in this Special Issue provide further insight into the full life cycle of REE, information that is vital to ensuring the existence of sustainable sources of these critical elements into the future.

2. Record Nr.	UNISALENTO991004382134707536
Autore	Valentin, Jean Marie
Titolo	Theatrum catholicum : les jésuites et la scène en Allemagne au XVIe et au XVIIe siècles = die Jesuiten und die Bühne im Deutschland des 16.-17. Jahrhunderts / Jean-Marie Valentin
Pubbl/distr/stampa	Nancy : Presses universitaires de Nancy, 1990
ISBN	2864804352
Descrizione fisica	394 p. ; 24 cm
Collana	Études allemandes
Disciplina	271.53043
Soggetti	Gesuiti - Teatro - Germania
Lingua di pubblicazione	Tedesco Francese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Complemento del titolo anche in tedesco
