

1. Record Nr.	UNINA9910767506603321
Titolo	Chassin's operative strategy in general surgery : an expositive atlas // Carol E.H. Scott-Conner, Andreas M. Kaiser, Ninh T. Nguyen, Umut Sarpel, Sonia L. Sugg, editors
Pubbl/distr/stampa	Cham, Switzerland : , : Springer, , [2022] ©2022
ISBN	3-030-81415-7
Edizione	[Fifth edition.]
Descrizione fisica	1 online resource (1091 pages)
Altri autori (Persone)	ChassinJameson L <1922-> (Jameson Lewis)
Disciplina	016.681761
Soggetti	Surgery, Operative Anatomy, Surgical and topographical Surgery, Operative - Technique Surgical Procedures, Operative Atlas
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Part I. General Principles -- Concepts and Strategies of Surgery -- Mechanical Basics of Operative Technique -- Incision, Exposure, Closure -- Dissecting and Suturing -- Surgical Stapling: Principles and Precautions -- Control of Bleeding -- Management of the Contaminated Operation -- Damage Control Laparotomy -- Mechanical Basics of Laparoscopic Surgery -- Rational Use of Drains -- Illustrated Glossary of Surgical Instruments -- Surgical Documentation, Informed Consent, and Operative Note -- Part II. Esophagus -- Concepts in Esophageal Surgery -- Laparoscopic and Thoracoscopic Ivor Lewis Esophagectomy -- Transhiatal Esophagectomy -- Laparoscopic Heller Myotomy for Achalasia -- Endoscopic Stent for Management of Esophageal Leaks -- Laparoscopic Nissen Fundoplication for Gastroesophageal Reflux Disease -- Laparoscopic Magnetic Augmentation of the Lower Esophageal Sphincter -- Laparoscopic Paraesophageal Hernia Repair -- Laparoscopic Collis Gastroplasty -- Endoscopic Anti-Reflux Procedures -- Peroral Endoscopic Myotomy for Achalasia -- Part III: Stomach and Duodenum -- Concepts in Surgery of

the Stomach and Duodenum -- Truncal Vagotomy: Surgical Legacy Technique -- Proximal Gastric Vagotomy: Surgical Legacy Technique -- Pyloroplasty (Heineke-Mikulicz and Finney), Operation for Bleeding Duodenal Ulcer: Surgical Legacy Technique -- Gastrojejunostomy -- Partial Gastrectomy Without Lymphadenectomy -- Perforated Duodenal Ulcer -- Laparoscopic Plication of Perforated Duodenal Ulcer -- Enteral Access -- Distal Gastrectomy with D2 Nodal Dissection -- Total Gastrectomy -- Management of GI Stromal Tumor of the Stomach -- Exposure of the Third and Fourth Portions of the Duodenum -- Laparoscopic Sleeve Gastrectomy -- Laparoscopic Roux-en-Y Gastric Bypass -- Laparoscopic Reoperative Bariatric Surgery -- Endoscopic Intra-gastric Balloon -- Part IV. Small Intestine and Appendix -- Concepts in Surgery of the Small Intestine and Appendix -- Small Bowel Resection and Anastomosis -- Enterolysis for Intestinal Obstruction -- Baker Tube Stitchless Plication: Surgical Legacy Technique -- Appendectomy (Open, Laparoscopic) -- Management of Appendicostomy for Malone Antegrade Continence Enema (MACE) -- Management of Enterocutaneous and Enteroatmospheric Fistulas -- Strictureplasty in Crohn Disease -- Placement of Feeding Tube Jejunostomy -- Creation of Ileostomy (Loop, End) -- Closure of Loop Ileostomy -- Management of Problems Related to an Existing Continent Ileostomy -- Part V. Large Intestine -- Concepts in Surgery of the Large Intestine -- Minimally Invasive Surgery (MIS) in Colorectal Surgery -- Endoscopic Techniques for Colorectal Lesions -- Right and Extended Right Hemicolectomy (Open, Laparoscopic) -- Sigmoid Resection and Left Hemicolectomy (Open, Laparoscopic) -- Discontinuous Colon Resection (Hartmann Procedure) -- Total Mesorectal Excision/Low Anterior Resection (Open, Laparoscopic) -- Abdominoperineal Resection (Open, Laparoscopic) -- Multivisceral Resections (Pelvic Exenteration) -- (Sub-)Total colectomy with Ileostomy or Ileo-Rectal Anastomosis (Open, Laparoscopic) -- Proctocolectomy with ileal pouch anal anastomosis (IPAA) or end ileostomy (Open, Laparoscopic) -- Cecostomy: Surgical Legacy Technique -- Creation of Transverse Colostomy (Loop, Prasad-type) -- Laparoscopic versus Open Creation of Sigmoid Colostomy (Loop, Prasad-type, End) -- Closure of Temporary Loop Colostomy or Ileostomy -- Hartmann Reversal (Open, Laparoscopic) -- Surgeries for Large Bowel Obstruction -- Surgery for Colonic Fistula to Bladder, Vagina, or Skin -- Abdominal Repair of Rectal Prolapse and Pelvic Organ Descent (Open, Laparoscopic) -- Part VI. Anus, Rectum, and Pilonidal Region -- Concepts in Surgery of the Anus, Rectum, and Pilonidal Region -- Office Procedures for Internal Hemorrhoids (Sclerotherapy, Infrared Coagulation, and Rubber Band Ligation) -- Excisional Hemorrhoidectomy (Ferguson, Milligan-Morgan, Whitehead) -- Stapled Hemorrhoidectomy/-opexy -- Doppler-Guided Hemorrhoidal Artery Ligation -- Surgical Management of Anorectal Abscess and Fistula -- Rectovaginal Fistula Repair -- Rectourinary Fistula Repair -- Lateral Internal Sphincterotomy with/without Fissurectomy for Chronic Anal Fissure -- Anoplasty for Anal Stenosis -- Perineal Operations for Rectal Prolapse -- Operations for Pilonidal Disease -- Overlapping Sphincteroplasty -- Sacral Nerve Stimulation for Fecal and Urinary Incontinence -- Transanal Local Excision of Rectal Lesions (TEMS, TAMIS, TAE) -- Part VII. Hepatobiliary Tract -- Concepts in Hepatobiliary Surgery -- Open Cholecystectomy -- Laparoscopic Cholecystectomy -- Open and Laparoscopic Common Bile Duct Exploration -- Sphincteroplasty -- Choledochoduodenostomy: Surgical Legacy Technique -- Transduodenal Diverticulectomy -- Hepatic Resection -- Part VIII. Pancreas -- Concepts in Surgery of the Pancreas -- Partial Pancreatoduodenectomy -- Total Pancreatoduodenectomy --

Distal (Left) Pancreatectomy -- Operations for Pancreatic Pseudocyst --
Pancreaticojejunostomy for Chronic Pancreatitis -- Part IX. Spleen --
Concepts in Splenic Surgery -- Open Splenectomy for Disease --
Operations for Splenic Trauma -- Laparoscopic Splenectomy -- Part X.
Hernia Repairs, Operations for Necrotizing Fasciitis, Drainage of
Subphrenic Abscess -- Concepts in Hernia Repair, Surgery for
Necrotizing Fasciitis, and Drainage of Subphrenic Abscess -- Shouldice
Repair of Inguinal Hernia -- Coopers Ligament (McVay) Repair of
Inguinal Hernia -- Mesh Repair of Inguinal Hernia -- Laparoscopic
Inguinal Hernia Repair: Transabdominal Preperitoneal (TAPP) and
Totally Extraperitoneal (TEP) Repairs -- Operations for Recurrent
Inguinal Hernia -- Femoral Hernia Repair -- Operations for Large
Ventral Hernia -- Laparoscopic Ventral Hernia Repair -- Operations for
Infected Abdominal Wound Dehiscence, Necrotizing Fasciitis, and Intra-
abdominal Abscesses -- Part XI: Breast and Melanoma -- Concepts in
Breast Surgery -- Excision of Benign Palpable Breast Mass -- Excision
of Ducts, Operations for Breast Abscess -- Lumpectomy for Breast
Cancer -- Mastectomy: Simple (Total), Modified, and Classical Radical
-- Skin and Nipple Sparing Mastectomy -- Sentinel Lymph Node Biopsy
and Axillary Staging for Breast Cancer -- Concepts in Melanoma
Surgery -- Wide Local Excision and Sentinel Lymph Node Biopsy for
Melanoma -- Axillary Lymphadenectomy for Melanoma -- Superficial
and Deep Groin (Femoro-inguinal and Pelvic) Dissection -- Part XII.
Thyroid, Parathyroid, and Adrenal, Parotidectomy, and Tracheal
Procedures -- Concepts in Thyroid, Parathyroid and Adrenal Surgery --
Thyroidectomy -- Neck Dissection for Thyroid Cancer --
Parathyroidectomy -- Minimally Invasive Parathyroidectomy -- Open
Adrenalectomy -- Laparoscopic Adrenalectomy -- Parotidectomy --
Cricothyroidotomy -- Tracheostomy.
