	Descrizione fisica	1 online resource (275 p.)
	Disciplina	401/.43
	Soggetti	Context (Linguistics) Semantics
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Note generali	Description based upon print version of record.
	Nota di bibliografia	Includes bibliographical references and index.
	Nota di contenuto	Contents; Introduction; 1. Context and Logical Form; 2. On Quantifier Domain Restriction; 3. Nominal Restriction; 4. Semantics, Pragmatics, and the Role of Semantic Content; 5. Making it Articulated; 6. Semantics in Context; 7. Review of Francois Recanati's Literal Meaning; Postscript; Index
	Sommario/riassunto	Jason Stanley presents a series of essays which develop a theory of how the situation in which we speak interacts with the words we use to help produce what we say. Clear and concise throughout, Language in Context will be of interest to philosophers, linguists, and cognitive scientists who work on language acquisition, production, and interpretation. - ;Natural languages all contain constructions the interpretation of which depends upon the situation in which they are used. In Language and Context, Jason Stanley presents a series of essays which develop a theory of how the situation in which
