	Policy Visions to Practice Realities: The Pivotal Role of Se
Sommario/riassunto	This book looks at the nature of management in the human services sector and examines the prevailing issues affecting both the UK and USA. Contradictory forces affect the act of management, such as the imperatives driving the introduction of new control systems which exist alongside the requirement to cut resources. In this book, contributors present both the problems and opportunities associated with the growth of management in the social care sector. They cover key topics including the implementation of change in the childcare sector; diversity – looking at the ways in which care manag
