Sommario/riassunto	This first full study of the subject discusses how 17C Catholic missionaries tried to force the Copts (Egyptian members of the Church of Alexandria) into union with the Church of Rome, and the slow accumulation of knowledge of Coptic beliefs, undertaken by Catholics and Protestants. Includes a survey of the study of the Coptic language in the West. - ;In seventeenth-century Europe the Copts, or the Egyptian members of the Church of Alexandria, were widely believed to hold the key to an ancient wisdom and an ancient theology. Their language was thought to lead to the deciphering of the hieroglyphs.
