Sommario/riassunto	In this volume, Professor Colin Gray develops and applies the theory and scholarship on the allegedly historical practice of the 'Revolution in Military Affairs' (RMA), in order to improve our comprehension of how and why strategy 'works'. The author explores the RMA hypothesis both theoretically and historically. The book argues that the conduct of an RMA has to be examined as a form of strategic behaviour, which means that, of necessity, it must ""work"" as strategy works. The great RMA debate of the 1990s is reviewed empathetically, though sceptically, by the author, with every major
