

1. Record Nr.	UNINA9910777451203321
Titolo	Materials technologies for the process industries of the future [[electronic resource]] : management strategies and research opportunities // Committee on Materials Technologies for Process Industries...[et. al.]
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, c2000
Descrizione fisica	1 online resource (85 p.)
Collana	NMAB-496
Disciplina	620.110973
Soggetti	Materials - Research - United States Materials - Technological innovations - United States - Management Manufacturing processes - United States - Management Industrial engineering - United States - Management Strategic planning - United States
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Committee on Materials Technologies for Process Industries, National Materials Advisory Board, Commission on Engineering and Technical Systems, National Research."
Nota di bibliografia	Includes bibliographical references.
