Sommario/riassunto	Aleksey Peshkov overcame indigence, violence, and suicidal despair to become Maksim Gorky, one of the most widely read and influential writers of the twentieth century. Childhood, the first book in Gorky's acclaimed autobiographical trilogy, depicts his early years, when after his father's death he was taken to live in the home of his maternal grandfather, a violent and vindictive man who both provided the child with a rudimentary education and subjected him to savage beatings. With remarkable freshness and candor, Gorky immerses his reader in a young child's world, recreating in dynamic pro

Sommario/riassunto	Der Mord an den europäischen Juden zählt zu den am besten erforschten Ereignissen des 20. Jahrhunderts. Dabei wird die mehrjährige Ghettophase in Ostmitteleuropa in der Regel nur als eine Art Vorstufe der Vernichtung wahrgenommen. Joachim Tauber stellt diese These auf den Prüfstand, wobei er am Beispiel Litauens insbesondere den generell vernachlässigten Arbeitseinsatz von Juden in Ghettos untersucht. Das Leben der Menschen in den Ghettos, so die Quintessenz seiner quellengesättigten innovativen Studie, war geprägt von entbehrungsreicher Arbeit für die deutschen Besatzer und litauische Einrichtungen. Um Arbeit drehte sich in den Ghettos alles: Sie stand für die jüdische Ghettoleitung ebenso im Vordergrund wie für die deutsche Zivilverwaltung, die größten Wert darauf legte, sie so effizient

wie möglich zu organisieren. Letztlich bildete sie sogar die Voraussetzung für die Fortexistenz der Ghettos. Arbeit war für viele Juden die letzte Hoffnung, wie kaum je so eindringlich gezeigt worden ist, wie in diesem Buch.
