Part IV. Cultural Pluralism. Vijay Devadas / Invention as Intervention: Negotiating the Margins of Pluralism.-- Yianna Liatsos / Historical Catharsis and the South African Truth and Reconciliation Commission. -- Douglas Pratt / Religious Plurality, Referential Realism and Paradigms of Pluralism.
Sommario/riassunto	"Frontiers of Diversity critically examines the explanatory and normative power of pluralism in contemporary philosophy, politics, economics and culture. Based on the papers presented at the "First Global Conference on Critical Issues in Pluralism" at Mansfield College,

Oxford, it brings together for the first time essays examining pluralism's impact, both positive and negative, in each of these critical domains. These essays exhibit something of the fertility of the concept of pluralism, not only across the spectrum of fields, but at all levels of analysis, from individual to social to national and international, touching on specific cases from around the world. Through their diversity, the essays are intended to both promote cross-pollination between these domains of study and experience, and to encourage reflection on pluralism as a powerful cross-disciplinary approach for understanding the contemporary world."--Jacket.
