Sommario/riassunto	A highly original and readily accessible examination of the cultural dimension of international politics, this book provides a sophisticated and nuanced account of the relevance of cultural categories for the analysis of world politics. The book's analytical focus is on plural and pluralist civilizations. Civilizations exist in the plural within one civilization of modernity; and they are internally pluralist rather than unitary. The existence of plural and pluralist civilizations is reflected in transcivilizational engagements, intercivilizational encounters and, only occasionally,
