Sommario/riassunto

The objective of this book is to review the position of investigative interviewing in a variety of different countries, with different types of criminal justice systems, and consists of chapters written by leading authorities in the field, both academics and practitioners. A wide range of often controversial questions are addressed, including issues raised by the treatment of detainees at Guantanamo Bay, The Reid model for interviewing and miscarriages of justice, the role of legislation in preventing bad practice, the effectiveness of ethical interviewing, investigative interviewing and human
