The Application of the Transfer Rules to Intellectual Property -- Unification in the Field of Property Law from the Perspective of European Law -- Transfer of Ownership in Recent

Sommario/riassunto

Comparative research in the area of property law is gaining importance. Against the background of the current discussion of developing model rules, aimed at facilitating European private law harmonisation, and of ongoing law reform projects in a number of EU Member States, this volume addresses key issues in the field of the transfer of corporeal movable property.
