Schrag -- Oil security and the transportation sector / Henry Lee -- Policy for energy technology innovation / Laura Diaz Anadon and John P. Holdren -- Electricity market structure and infrastructure / William W. Hogan -- Barriers to acting in time on energy and strategies for overcoming them / Max H. Bazerman.
Sommario/riassunto	"Details the often incomplete, incoherent, and ineffectual U.S. energy policy, tackling specific policy questions: Why are these components of energy policy so important? How would 'acting in time'--not waiting until politics demands action--make a difference? What should our policy actually be? Proposes measures to overcome this counterproductive tendency"--Provided by publisher.
