Sommario/riassunto

The Right to Development in International Law rigorously explores the right to development (RTD) from the perspectives of international law as well as the constitutionally guaranteed fundamental rights and the Islamic concept of social justice in Pakistan. The volume draws on a wide range of relevant sources to analyse the legal status of international cooperation in contemporary international law, before exploring the domestic application of the right to development looking at the example of Pakistan, a country that is undergoing radical transformation in terms of its internal gov
