Sommario/riassunto	The threat of violence concerns most people most profoundly. It has long been a topic of intensive academic, practical and political debate. In recent years the workplace has emerged as a recognized site of violence, threat and menace and this book will make a significant contribution to the growing literature on workplace violence. Using innovative research methods, this book uniquely examines four of the most violence-prone occupations: the police; Accident and Emergency staff; social workers; mental health professionals. The Violent Workplace identifies similarities and differences
