Sommario/riassunto	Duck hunting has changed greatly since the days of unlimited duck kills, as the limit of fifty ducks a day established in 1902 has fallen to the present three. A legitimate hunter now, Dale Hamm learned the art of market hunting-taking waterfowl out of season and selling them to restaurants-from his father during the 1920s. During the 1930s and 1940s, he kept his family alive by market hunting. At the peak of his career, Hamm poached every private hunting club along the Illinois River from Havana to Beardstown.
