| Nota di contenuto       | The geography of the north and south China -- The rise of the great families -- Military dynasticism -- Urban transformation -- Rural life -- China and the outer world -- Redefining kinship -- Daoism and Buddhism -- Writing.  |
| Sommario/riassunto      | After the collapse of the Han dynasty in the third century CE, China divided along a north-south line. This book traces the changes that both underlay and resulted from this split in a period that saw the geographic redefinition of China, more engagement with the outside world, significant changes to family life, developments in the literary and social arenas, and the introduction of new religions. |
