Sommario/riassunto	Historical Dictionary of Modern Japanese Literature and Theater presents a broad perspective on the development and history of literature_narrative, poetry, and drama_in modern Japan. It focuses specifically on the years since 1868, when Japan opened its doors to the West and underwent remarkable and swift changes as it sought to become a modern nation. It offers both a historical overview through its chronology, introduction, bibliography, and over 400 cross-referenced dictionary entries.
