Sommario/riassunto	A timely, comprehensive reevaluation of the Southeastern Ceremonial Complex. One of the most venerable concepts in Southeastern

archaeology is that of the Southern Cult. The idea has its roots in the intensely productive decade (archaeologically) of the 1930's and is fundamentally tied to yet another venerable concept-Mississippian culture. The last comprehensive study of the melding of these two concepts into the term Southeastern Ceremonial Complex (SECC) is more than two decades old, yet our understanding of the objects, themes, and artistic styles associated with
