Birzer.

Sommario/riassunto

The abuse of women and children transcends geographical boundaries as well as economic, cultural, religious, political, and social divisions. Comprised of the work of more than 20 academics and practitioners from around the world, Criminal Abuse of Women and Children documents the atrocities that have been committed against these victims from ancient to modern times. It examines the causes of such abuse and provides a global survey of what forms of abuse exist and how cases are handled in various parts of the world. International Experts Survey Patterns of Abu
