   Sommario/riassunto   This book includes papers from the twentieth JURIX conference (first
                        organized in 1988). Over the years JURIX has become more and more
                        international. JURIX is originally a Dutch/Belgian initiative. Nowadays,
                        the conference papers are in majority from non-Dutch authors, and
                        since 2002 JURIX is held outside the Netherlands and Belgium every
                        other year. Most accepted papers can largely be fitted into either work
                        on argumentation or work on ontology. Argumentation has been a
                        JURIX-topic during all past years, and the interest in ontology has
                        revived recently with Semantic Web initiatives.The topic
