Sommario/riassunto	Global Development Finance (GDF), is the World Bank's annual review of recent trends in and prospects for financial flows to developing countries. It is an indispensable resource for governments, economists, investors, financial consultants, academics, bankers, and the entire development community. Vol I: Analysis and Outlook reviews recent trends in financial flows to developing countries. Vol II. Summary and Country Tables* includes comprehensive data for 138 countries, as well as summary data for regions and income groups. Also available on CD-ROM, with more than 200 historical time series from 1970 to 2005, and country group estimates for 2006. Vol II. Summary and Country Tables.
