Woodland -- Instilling student responsibility with team contracts and peer evaluations / B. Douglas Clinton, Pamela A. Smith.

Sommario/riassunto

Advances in Accounting Education is a referenced, academic research annual whose purpose is to help meet the needs of faculty members interested in ways to improve their classroom instruction. We publish thoughtful, well-developed articles that are readable, relevant and reliable. Articles may be either empirical or non-empirical. They emphasize pedagogy i.e. explaining how faculty members can improve their teaching methods or how accounting units can improve their curricula/programs.
